REQUEST FOR PROPOSALS

District-level American Rescue Plan Act Funds, Cuyahoga County Council District 2
Friday, September 23, 2022

Announcement

The purpose of this announcement is to request proposals for funding under the second round of American Rescue Plan Act (“ARPA”) funds that have been allocated for the benefit of Cuyahoga County Council District 2. The application process is further described below. Applications must be submitted to Trevor McAleer, Cuyahoga County Legislative Budget Advisor, at tmcaleer@cuyahogacounty.us no later than Friday, October 14, at 4 PM.

Background

Cuyahoga County has been allocated approximate \$240 million in federal ARPA funds. Of this amount, \$86 million has been allocated for community and economic development projects, including projects that will facilitate the delivery of health and social services. However, since this is one-time money, proposals should not be submitted that would fund operations for which there is no clear path to sustainability. Of the \$86 million, \$6 million has been informally allocated to primarily benefit Cuyahoga County Council District 2, which comprises all of Lakewood, Brook Park, and Cleveland Ward 17, and most of Cleveland Ward 16. On May 11, 2022, an announcement was made, requesting applications for the first round of this funding, with an application deadline of June 10, 2022. Thirty-three applications were received, totaling more than \$21 million in request received. Following review and scoring, six applications were recommended for funding, and legislation to approve the funding requests has been approved or is being considered by Council.

Areas of Focus

The Council will consider a wide range of potential projects, but proposals are expected to be for use of one-time money, as opposed to ongoing operations. Proposals beneficial in the areas of community development and place-making, economic development, environment, social services or cultural infrastructure, and technical innovation are encouraged. Projects for which other substantial funding streams are available, such as road and bridge projects, are less likely to be considered.

Project Proposal Review Committee

A Project Proposal Review Committee has been created to review and score proposals received through this request for applications.

Fund Availability

The Review Committee may make funding recommendations up to \$3 million, the amount of District 2 ARPA funds remaining to be allocated, but may choose to reserve some funds for a future round. Of the \$3 million, \$2.5 million shall be reserved for projects that are either located in Cuyahoga County Council District 2 or for which the project’s predominant impact will be in Cuyahoga County Council District 2. For the remaining \$500,000, projects having

county-wide impact, including significant benefits for Cuyahoga County Council District 2, may also be considered.

Maximum Funding Request

The maximum funding request that may be submitted is \$1.5 million.

Eligible Applicants

Applicants may be municipalities, Community Development Corporations, or non-profit organizations. For-profit businesses, proposing projects having major public benefits, may also apply.

Submission of Applications

Applications shall be submitted using the attached application form. All questions in the application form must be answered. Applicants may attach additional sheets to answer questions in more detail. There is no limit on proposal length, but a reasonably concise application is expected. Applicants who intend to work in partnership with other organizations should include letters of support from their proposed partners. Applications shall be sent to Trevor McAleer at tmcaleer@cuyahogacounty.us no later than Friday, October 14, at 4 PM.

Reconsideration of Proposals from Round 1

Proposals that were submitted in the first round but not recommended for funding may be considered in this round; however, the application must be resubmitted in response to this announcement.

Substantial Compliance

The County may allow minor deviations from the application process requirements or allow applicants to correct unintended errors. However, in fairness to all applicants, such allowances shall be handled consistently and shall be limited to errors or omissions that do not prevent the applicant from being in substantial compliance with the application process.

Procurement Process

Applications shall be selected for funding through a three-step process.

1. Proposals received will be reviewed and scored. If a very large number of applications is received, there may be an initial review to select a smaller number of applications for full scoring. The general approach to scoring will be as follows: applicant capability (15 points), proposal specificity and feasibility (25 points), timeline specificity and project readiness (10 points), cost-effectiveness and leverage (10 points), project impact (40 points).
2. Using the scoring results, a determination will be made on how much money to allocate in the first round and which projects to recommend. Some modest deviation from the ranking of applications may be considered to achieve a good geographic distribution of projects within the district.

3. Once a determination is made, legislation for contracts to implement the awards will be prepared and submitted to County Council for approval. All proposals funded under this announcement must be approved according to the regular Cuyahoga County government legislative process as described in the County Charter and the County Code.

Timeline

The timeline is designed to create the possibility that time-sensitive projects recommended for funding could receive final legislative approval by December 6, 2022, the date of the last Cuyahoga County Council meeting of the year. Projects that are not time sensitive but are favorably received in the legislative process should receive final approval by the end of the first quarter of 2023.

PROJECT DESCRIPTION

REQUEST DESCRIPTION (include the project name, a description of the project, why the project is important or needed, and timeline of milestones/tracking of the project): The Rose Centers for Aging Well (Rose Centers) is requesting support of the Rose Centers Meals Programs. The Rose Centers addresses the nutritional needs of older adults on low incomes by providing daily home-delivered meals to the homebound, delivering medically tailored meals to individuals living with chronic disease, and serves congregate lunches at seven Greater Cleveland senior nutrition sites. Three of the sites are full service senior centers offering wellness programming, exercise classes, transportation and resource referrals. On average a Rose Centers client is female (55%), African American (66%), and in their mid-70s. A total of 80% of older adults served live below the federal poverty level. The average income of participants is \$10,750, with 35% having an income of less than \$5,000.

The Rose Centers is the largest provider of home-delivered meals to older adults in Cuyahoga County and the only home-delivered medically tailored meal provider to older adults in Cuyahoga County. The Rose Centers temporarily closed its senior centers in 2020 to limit the spread of COVID-19. Older adults needed our services more than ever and we needed to ensure they were not cut off from their lifelines to nutritious meals and social interactions. All participants were incorporated into the home-delivered meals program, traditionally only for the homebound, to ensure no one was left without food. A rapid transition to home delivery of meals meant that not a day went by when older adults were without a meal. In fact, our meal delivery reached record heights with the Rose Centers delivering 224,000 meals in 2020 and 243,000 meals in 2021.

Funding would be used to support the Meals Programs in three ways. The main priority would be to replace and expand the fleet of meal delivery trucks. The meal delivery trucks are outfitted with heating and cooling equipment to ensure meals are delivered in accordance with food safety guidelines. The current fleet consists of 11 trucks, five of which are nearly 10 years old and need to be replaced. Finding replacement parts for these five trucks is extremely difficult and expensive, if at all possible, in this current economy. A strategic plan is in place to replace the trucks over the next several years, however, replacing the trucks sooner would reduce the high maintenance costs, and ensure Rose Centers can continue to deliver meals on time and without incurring additional costs for maintenance and truck rentals. These additional costs take away funding that could be used for meals and to support the drivers.

Each truck makes an average of 75 delivery stops a day, delivering 114 lifesaving meals a day and positively impacting 80 lives each day. The meals for the homebound are delivered on a schedule selected by the participant, served hot or frozen dependent on their choice, and meet a critical need that would largely go unmet in the Cuyahoga County community if not for the Rose Centers. Homebound and isolated older adults living in poverty often struggle with accessing and preparing nutritious meals on their own. Many individuals with physical and cognitive limitations find it difficult, even impossible, to do the planning, shopping, and preparing of their meals. Having a meal delivered daily to their home ensures the older adult is not worrying about where their next meal will come from, and it provides vital safety net services. As the largest distributor of home-delivered meals to older adults in Cuyahoga County, Rose Centers has delivered meals to nearly 1,200 individuals in 2022.

The medically tailored meal division has the capacity to deliver meals to an additional 250 older adults annually. Medically tailored meals are specifically designed to meet the dietary requirements of older adults discharging from the hospital or living with chronic disease such as heart disease, diabetes, and hypertension. These specialized meals are delivered to participants in meal packs of five, twice a week. Volunteers and staff use warming bags to deliver the meals. To efficiently deliver meals and optimize delivery routes, Rose Centers is requesting funding to purchase ten warming bags with power cords. An increased number of warmer bags would not only support operational efficiencies but would also reduce costs associated with logistical issues we currently face.

To enhance the nutritional value of lunches served at the senior centers, the Rose Centers is requesting funding for a fruits and vegetables bar at the Gunning Park and Lakeshore Rose Centers locations. This equipment would provide variety and choice to the residents and in return, increase their attendance. Participant feedback has consistently indicated a desire for a variety of healthy and balanced lunch options. Improving access to healthy, affordable food is critical to help ensure residents avoid the negative health outcomes associated with poor nutrition, including obesity, diabetes, and heart disease. Additionally, many participants who attend for lunch stay for programming and then benefit from the health, wellness, and socialization opportunities.

Project Start Date: 1/1/2023

Project End Date: 12/31/2023

IMPACT OF PROJECT:

Who will be served: Older adults, ages 55 and older, living on low incomes, who are homebound or living with chronic disease and are socially isolated. On average a Rose Centers client is female (55%), African American (66%), and in their mid-70s. A total of 80% of older adults served live below the federal poverty level. The average income of participants is \$10,750, with 35% having an income of less than \$5,000.

How many people will be served annually:

1,250 unduplicated older adults will be served by the meal delivery trucks. A total of 250 older adults will be served with the warming bags and 50 unduplicated older adults will benefit from the fruits and vegetable bar at the senior centers.

Will low/moderate income people be served; if so how: Yes, 80% of people served live below the federal poverty level. The average income of participants is \$10,750, with 35% having an income of less than \$5,000. The older adults in the Meals Program receive daily, nutritious, and life-saving meals delivered directly to their homes or at a senior center.

How does the project fit with the community and with other ongoing projects: The home delivery component of the Meals Program is the largest Meals on Wheels program operating within Cuyahoga County. And the medically tailored meals portion is the only home-delivered meals program that specifically meets the needs of older adults living with chronic disease.

If applicable, how many jobs will be created or retained (specify the number for each) and will the jobs be permanent or temporary: N / A

If applicable, what environmental issues or benefits will there be: The updating of our delivery fleet will remove old vehicles from the road that could potentially emit high emissions. Newer trucks will get better gas mileage and reduce the amount of gas purchased and used.

If applicable, how does this project serve as a catalyst for future initiatives: The replacement of the old vehicles in our fleet allows the program to focus on expanding the home-delivered meal service further west in Cuyahoga County. The fruits and vegetables bar equipment will serve as a catalyst to recruit more participants to the senior centers by offering an increased variety of nutritional and balanced food options.

FINANCIAL INFORMATION:

Total Budget of Project: \$388,000.

Other Funding Sources of Project (list each source and dollar amount separately): N/A

Total amount requested of County Council American Resource Act Dollars: \$388,000.

5 trucks (\$75,000 each after purchase and outfitting) to replace 5 old trucks = \$375,000

10 warming bags and cords = \$7,000.

Equipment for 2 fruit and vegetable
distribution equipment = \$7,000.

Since these are one-time dollars, how will the Project be sustained moving forward: The Meals Program is sustainable with long-standing relationships from Western Reserve Area on Aging Agency, the administrator of Title III Older Americans Act funding, the Cuyahoga County Department of Senior and Adult Services and private and corporate philanthropy. Revenue from these contracts ensures sustainability but does not meet the capital needs of the program. Other funding sources critical to the program are foundations, individuals, corporations, and fundraisers. Rose Centers is a subsidiary of Benjamin Rose, which is the named beneficiary in trusts that provides a steady stream of income to the organization in annual distributions calculated by trustees.

PROJECT DESCRIPTION

REQUEST DESCRIPTION (include the project name, a description of the project, why the project is important or needed, and timeline of milestones/tracking of the project):

For over 45 years, Journey Center for Safety and Healing (Journey), formerly Domestic Violence & Child Advocacy Center, has been a leader in Cuyahoga County around issues of domestic violence and child abuse. Journey's **mission** is to provide services that foster safety and healing to those affected by child abuse and domestic violence; and to prevent abuse through education, advocacy, and systemic change.

Journey provides an array of prevention and intervention services that help people experiencing abuse find strength and support as they determine their best path toward health and safety. The agency helps people heal from the trauma of abuse; provides community education to promote understanding of the dynamics and warning signs of abusive relationships; and delivers training and advocacy that improve systemic responses to family violence. Journey serves over 13,000 individuals yearly in Cuyahoga County who are victims of child sexual and physical abuse, teen dating violence, intimate partner violence, and stalking. Services include: 24-Hour Helpline – Real-time crisis intervention, safety planning, information, and referrals through calls, texts, or chats; Emergency Domestic Violence Shelter – The only dedicated domestic violence emergency shelter in Cuyahoga County providing 24-hour refuge for individuals and families. Includes the Domestic Violence Housing First Initiative (DVHFI), which helps victims fleeing domestic violence to secure safe, independent housing away from their abuser without the need for a stay in shelter; Trauma Services – Individual and telehealth therapy services for individuals age 4 through adulthood who have experienced or witnessed domestic violence and/or child abuse; Justice System Advocacy – Victim advocacy, support groups, safety planning, assistance with protection orders, and connections to resources in the community; Safe & Sound Visitation Center – The premier supervised visitation center in Cuyahoga County, where children can spend quality time with their non-residential parent in a safe, nurturing environment; Prevention and Community Engagement – Professional trainings; domestic violence classes; community outreach; community advocacy; and culturally specific services. Includes the Latina Domestic Violence Project (LDVP), which offers Spanish-language advocacy and support in the Hispanic community.

Critical repairs and upgrades are needed for our Emergency Domestic Violence Shelter- the only shelter in Cuyahoga County where domestic violence victims have access to comprehensive services tailored to their specific needs. Journey has owned the Shelter for over 45 years and it was built over 50 years ago. Shelter accepts adults and children 24 hours a day, every day of the year from hospitals, police stations, and other community referrals. Survivors and their children stay at Shelter while they work toward building stability and self-sufficiency. Shelter has 41 beds and 12 cots/cribs/pack-n-plays (approximately 60% of clients in Shelter are under the age of 18). With an average length of stay of 45 days, Shelter serves approximately 300 clients each year (13,500 residential care days and 67,500 meals and snacks served). This volume of use results in significant wear and tear and the nature of services provided at this location to children and adults requires a safe and secure environment. Furthermore, increased Shelter usage during COVID (more people in the house all day long and the addition of a classroom for students to learn remotely throughout the pandemic) has increased wear and tear, resulting in a less safe and desirable environment.

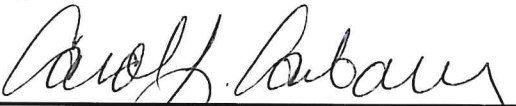

It has been over 11 years since any significant capital improvements were made to Shelter. In the past 11 years, Journey's shelter has served over 3,300 individuals resulting in a need to repair the last capital improvements as well as address new issues that have arisen. The need for an Emergency Shelter specifically for Cuyahoga County domestic violence victims remains high, even after 40 years of service to the community. It is important our facility remain safe and welcoming.

A grant of \$257,323 would allow Journey to complete all delayed maintenance, including: fixing the foundation, repairing leaks and resulting damage, repair roof and gutters, repair front porch and ADA ramp, replace broken windows, add a much-needed generator (this area loses power often), repair driveway, paint and replace flooring throughout, and slightly update the kitchen. While all of this work is necessary for a safe and welcoming environment, the most crucial needs total \$43,015 (foundation, bathroom B, Room 1, ADA bathroom, gutter/roof work).

Project Start Date: January 1, 2023	Project End Date: December 31, 2023
--	--

IMPACT OF PROJECT:
<p>Who will be served: Domestic Violence Victims and their children in Cuyahoga County, the majority of which reside in Cleveland, BrookPark and Lakewood</p>
<p>How many people will be served annually: All District 2 residents experiencing abuse have access to Journey’s Emergency Shelter. While it’s hard to estimate an exact number, current data implies that at least 150 District 2 residents access Journey annually.</p>
<p>Will low/moderate income people be served; if so how: While abuse happens in all communities and at all socio-economic levels, the vast majority (95%) of the domestic violence victims that Journey serves have incomes below the poverty level.</p>
<p>How does the project fit with the community and with other ongoing projects: Journey Center is the only agency within District 2 that has served and currently serves victims of Domestic Violence. Journey operates the only shelter in Cuyahoga County where domestic violence victims and their children have access to comprehensive services tailored to their specific needs.</p>
<p>If applicable, how many jobs will be created or retained (specify the number for each) and will the jobs be permanent or temporary: NA</p>
<p>If applicable, what environmental issues or benefits will there be: n/a</p>
<p>If applicable, how does this project serve as a catalyst for future initiatives: Journey’s Shelter is a critical piece of our safety net for those experiencing domestic violence. This project will ensure we maintain this facility to be a safe, secure, affirming place for survivors. Journey has piloted and is developing a Housing First initiative to expedite permanent housing that will help shorten length of stays at Shelter, sometimes even bypassing it altogether. Having a trauma informed, secure Shelter is a catalyst for supplemental alternative housing initiatives for women, children, and men experiencing domestic violence and child abuse.</p>

FINANCIAL INFORMATION:
Total Budget of Project: \$367,210
Other Funding Sources of Project (list each source and dollar amount separately): Foundations – \$10,000 Individuals - \$42,948 Government - \$36,230 In-kind - \$20,709
Total amount requested of County Council American Resource Act Dollars: \$257,323
Since these are one-time dollars, how will the Project be sustained moving forward: Journey recognizes that this funding is unique and one-time only. Once completed, these capital repairs and upgrades to Shelter will last for many years.
